

INTERNATIONAL ORDERING INFORMATION

IMPORTANT MESSAGE

As a manufacturer of springs for use in firearms, W. C. Wolff Company is a registered exporter with the U.S. State Department and our products are subject to U.S. ITAR regulations. Therefore we must comply with the shipping restrictions and documentation requirements of ITAR. All export shipping documents will declare the contents of your shipment as "*springs for use in firearms*". They will be declared at the actual amount you have paid for the items you ordered. We will not declare items any other way or misrepresent their value or description. All orders over \$100 (US) will require an export license. Minimum international order is \$25.00 USD

General Shipping Information

1. We can not ship more than \$100 (USD), except to Canada, in any one order without an export license. If your order exceeds \$100(USD) at cost, we will apply for an export license for your order. This takes approximately 3 weeks for processing. This dollar limit is set by ITAR and is not a limitation set by W. C. Wolff Company.
2. Payment must be in U.S. Funds. Visa, Mastercard and Discover cards are accepted. Discover card can only be used for mail, phone orders and fax orders. COD shipping is not available on International orders. Bank drafts and international money orders also accepted. Wire-In transfers accepted at additional charge.
3. All International orders have a \$3.00 handling fee for export documentation and makeup.
4. International orders are usually shipped via the lowest cost method which is 1st Class Mail International (FCMI). The weight limit for FCMI to most countries is 4 pounds. This is generally the least expensive way to ship. Insurance is not available using FCMI.
5. Federal Express and United Parcel Service will not accept licensed goods for international delivery.
6. When paying by credit card, no additional fees are charged for using your credit card. We do not charge your credit card until shipment is actually made. In some cases, you may be billed separately for shipping and handling charges. We always try to ship the least expensive way to you.
7. All import duties, taxes or tariffs are the responsibility of the purchaser.
